FOR IMMEDIATE RELEASE

PREPARATION IN PROGRESS FOR INTERSTATE 5 PROJECT

REDDING –The California Department of Transportation (Caltrans) and contractor Tullis, Inc. of Redding have started preparation work for a repaving project on Interstate 5 (I-5) between North Red Bluff into Cottonwood. The \$34.4 million North Red Bluff Rehabilitation project will replace the current roadway on this 15 mile segment of I-5 with a long life, 30 year pavement.

Expect night time intermittent lane and ramp closures between 6 p.m. and 7a.m., Sunday through Friday next week. Pavement work to widen shoulders and median in preparation for shifting traffic during the larger project will continue through June. Project completion is anticipate in the fall of 2013.

For more information contact the District 2 Public Information Office at (530) 229-0511.
